RE: Johnson Utilities, L.L.C.: Compliance with Decision No. 68236
ACC Docket No.: WS-02987A-04-0889
CAAG Section 208 Plan inclusive of the Extension Area

Dear Mr. Bozzo:

Pursuant to the above-referenced matter, Johnson Utilities hereby submits this compliance filing in accordance with the Commission's orders. Enclosed please find the CAAG Section 208 plan amendment referenced in the Decision inclusive of the expansion area, within Section 17, Township 2 South, Range 8 East within the amendment, attached hereto as Attachment No. 1. Due to its voluminous size a copy of the attachment is not included in the docket filing and three copies have been provided to Mr. Ernest Johnson, Director of the Utilities Division, for staff to review along with a copy for your use.

The CAAG 208 plan amendment is an area wide water quality plan providing for the treatment of wastewater by Johnson Utilities' Pecan Wastewater Treatment Plant as discussed within the Decision's Findings of Fact. This amendment was requested by Arizona Utility Supply Services, ("AUSS"), to allow Johnson Utilities to treat its wastewater needs. AUSS was experiencing service problems within its service area. Johnson Utilities is currently processing an overall CAAG 208 plan that includes this amendment. If you need any additional information in regards to this compliance item, please do not hesitate to contact me. Thank you for your time and consideration in this matter.

Sincerely,

Daniel Hodges
